

## MARIN COUNTY COORDINATED ENTRY SYSTEM

### SINGLE ADULT MAV-SA DECLINER WORKSHEET

Directions: Provide detailed observations about individuals who have repeatedly declined to take an assessment or engage with other homeless services. Referrals will be checked against HMIS records and reviewed by the Coordinated Entry steering committee.

Highly vulnerable clients who will not engage with outreach and other services due to the severity of their needs may be referred directly to Coordinated Entry. The person completing the form may look to the MAV-SA for guidance on demonstrating vulnerability but does not need to follow the tool. Program manager/director must review and sign. Email **with encryption** to ce@marincounty.gov upon completion.
