Agency Leads Meeting: March 20, 2024

Agenda

- Federal Reporting: SPM and PIT/HIC Updates
- Reporting How-To's: Recidivism – Returns to Homelessness & Program Performance Dashboard
 - Open Communication

Federal Reporting: SPM and PIT/HIC Updates

SPM and PIT/HIC Updates

Everything is looking great! Thank you all for being so responsive to our many emails for System Performance Measures (SPM) and Point-in-Time (PIT) count and Housing Inventory Count (HIC).

- > Data Quality corrections for SPMs made a significant difference
- > SPMs were submitted before the deadline on 3/13/24
- > In the final stages of data review and corrections for PIT/HIC
- > Deadline to submit PIT/HIC is April 30th, 2024

System Performance Measures Comparison Chart

--> Overall there is a lot of improvement in SPM metrics between 2022 and 2023, as reflected in **green**

--> **Slight increase** in persons returning to homelessness within 2 years

--> Point-in-Time Count Total persons significant decrease due to no unsheltered count in 2023

--> **Slight decrease** in adults with increased total income for persons in CoC-funded projects

System Performance Measures Summary Analysis

Reflects **Performance IMPROVEMENT**
Reflects **Performance DECREASE**

Measure	Metric	Revised FY 2022	FY 2023	Change from Prior Year
Measure 1: Length of Time Persons Experience Homelessness	Average Days people spend in Shelter (ES-EE, ES-NbN, SH, TH)	187	168	-19
	Average Days people spend Experiencing Homelessness (ES-EE, ES-NbN, SH, TH and PH prior to "housing move-in")	986	904	-82
Measure 2: Returns to Homelessness	Total percent of persons returning within 2 years	16%	19%	3%
Measure 3: Number of Homeless Persons	Point-in-Time Count Total persons (sheltered and unsheltered)	1121	288	-833
	Annual Count Total persons (unduplicated count; ES, SH, and TH)	555	543	-12
Measure 4: Income Growth for Persons in CoC Program-funded Projects	Adults with increased Total Income	58%	53%	-5%
Measure 5: First time Homelessness	Persons experiencing homelessness for the first time (accessing ES-EE, ES-NbN, SH, TH, or PH)	714	636	-78
Measure 7: Successful Placement in or Retention of Permanent Housing	People with successful exits from Street Outreach	5%	6%	1%
	People with exits to permanent destinations from ES-EE, ES-NbN, SH, TH, RRH and PH (not moved into housing)	43%	56%	13%
	People with successful Exits to or Retention of Permanent Housing (PSH and OPH, not RRH)	96%	97%	1%

System Performance Measures Comparison Chart

--> **Low error rate** for Destination Data Quality across all project types except Street Outreach, which is to be expected

System Performance Measures Summary Analysis

Reflects **Performance IMPROVEMENT**
Reflects **Performance DECREASE**

Measure	Metric	Revised FY 2022	FY 2023	Change from Prior Year
Measure 1: Length of Time Persons Experience Homelessness	Average Days people spend in Shelter (ES-EE, ES-NbN, SH, TH)	187	168	-19
	Average Days people spend Experiencing Homelessness (ES-EE, ES-NbN, SH, TH and PH prior to "housing move-in")	986	904	-82

Recidivism - Returns to Homelessness: Understanding the Dashboard Filters

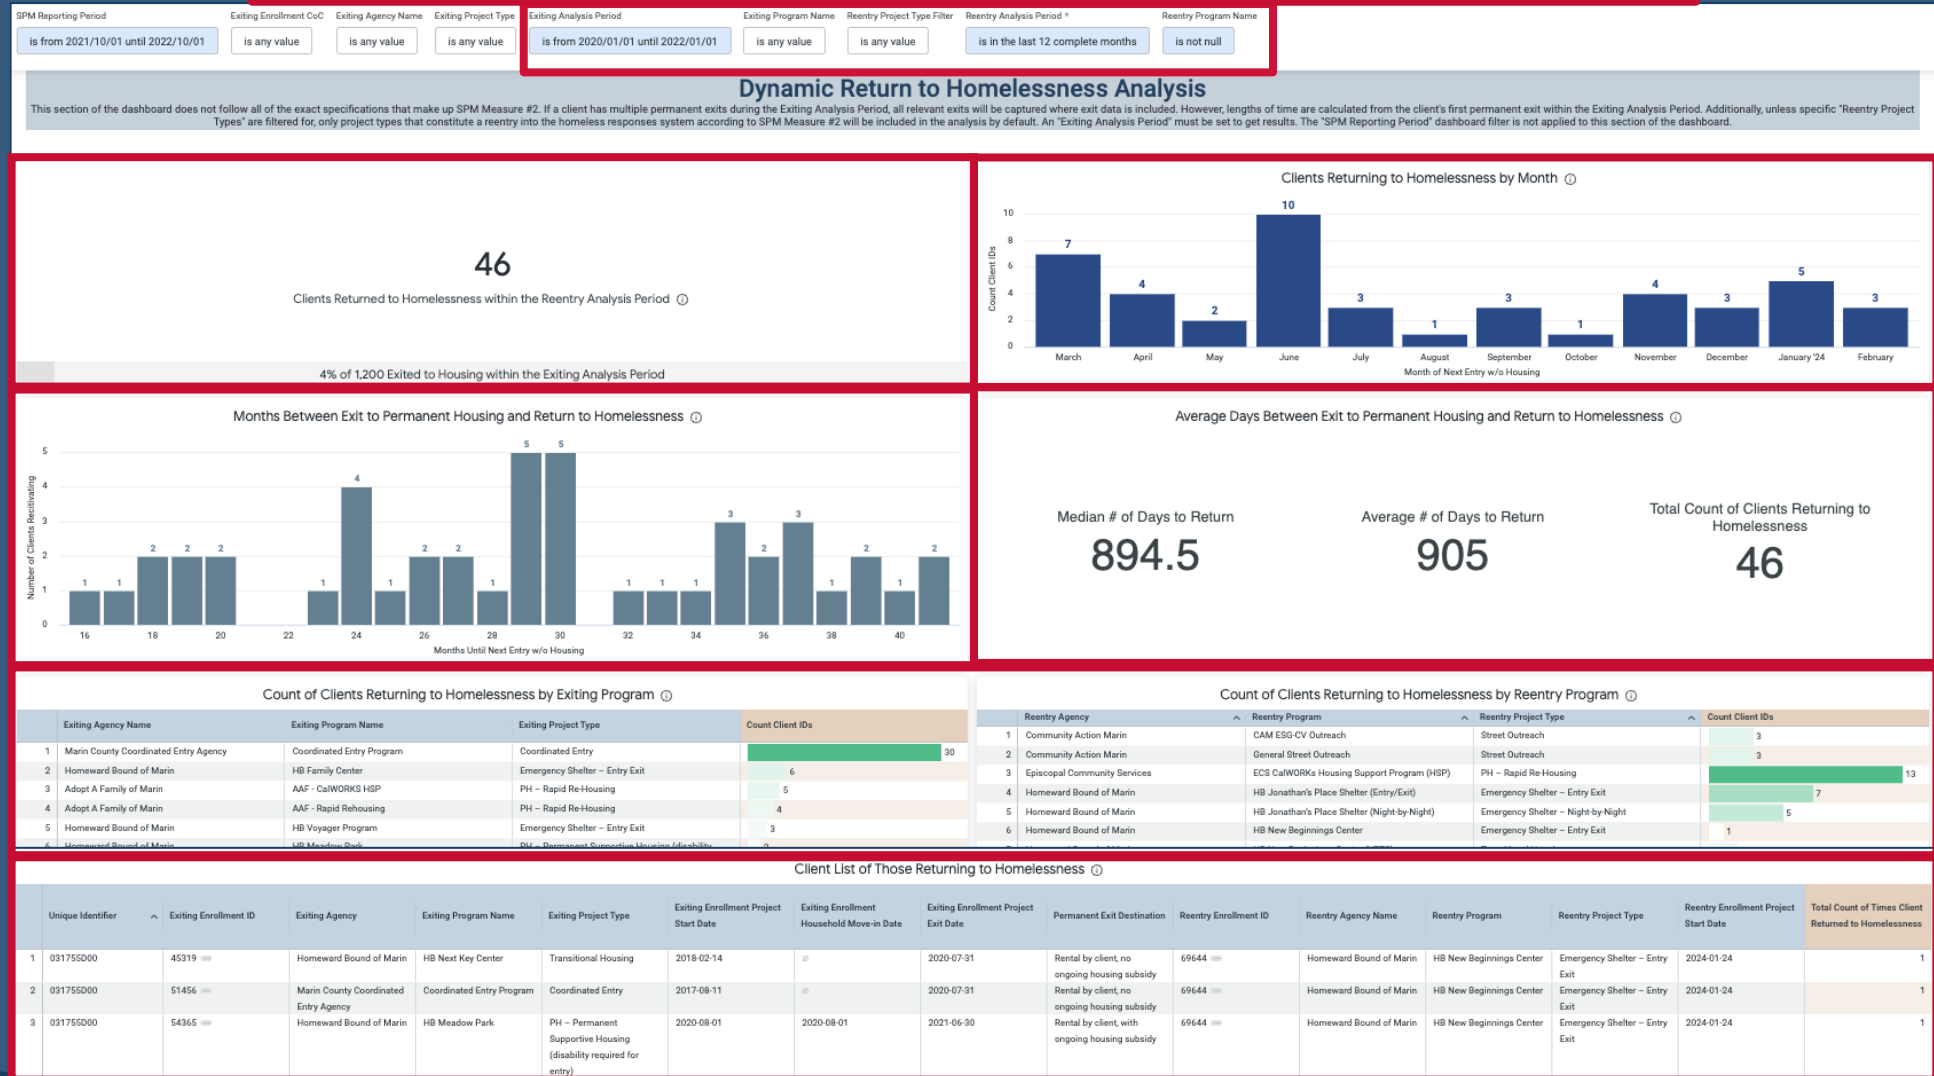

Recidivism - Returns to Homelessness: Understanding the Dashboard Filters

Recidivism - Returns to Homelessness: Understanding the Dashboard Filters

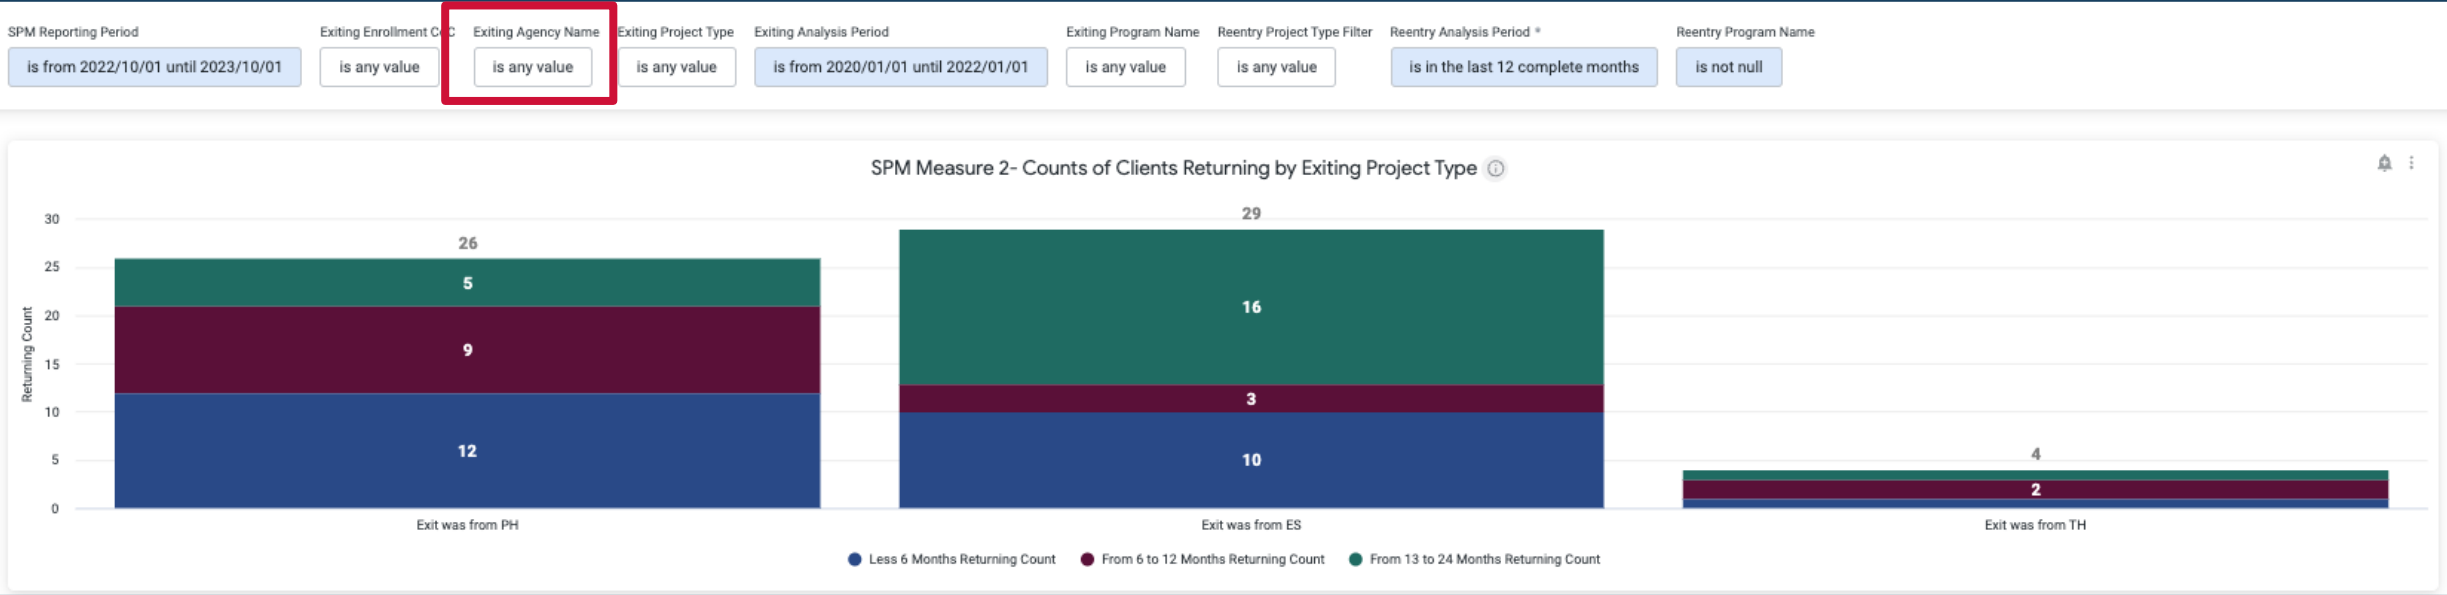

Impacts the remaining 6 Looks on the Dashboard (Dynamic Return to Homelessness Analysis)

Recidivism - Returns to Homelessness: Recommended Use

Understand how your agency's programs are impacting these numbers by switching the "Exiting Agency Name" dashboard filter to your agency.

Which project types have lower rates of recidivism, and why do you think that is?

Are there lessons that can be applied to project types with higher rates of recidivism?

What can be said about the time variance of recidivism by project type?

System Performance Measure #2

Both Looks in this section utilize SPM Measure 2 Return to Homelessness logic.

SPM Measure 2 – Counts of Clients Returning by Exiting Project Type

This Look contains a count of clients that returned to homelessness in less than 6 months, from 6 months to 12 months, from 13 months to 24 months, and the total count of returned clients by exiting project type.

Measure 2a and 2b: The Extent to which Persons Who Exit Homelessness to Permanent Housing Destinations Return to Homelessness within 6, 12, and 24 months

This Look contains a count of clients that returned to homelessness in less than 6 months, from 6 months to 12 months, from 13 months to 24 months, and the total count of returned clients by exiting project type as well as a percentage of returns for each.

The total row percentages reflect an average for the column and not a sum.

Dynamic Return to Homelessness Analysis

Clients Returned to Homelessness within the Reentry Analysis Period

This Look contains an unduplicated count of clients that returned to homelessness within the reentry analysis period that had previously exited to a permanent housing destination within the exiting analysis period. Underneath that count is an unduplicated count of clients that exited to a permanent housing destination within the exiting analysis period and the percent of those clients that returned.

Clients Returning to Homelessness by Month

This Look contains a count of clients returning to homelessness within the reentry analysis period that had previously exited to a permanent housing destination within the exiting analysis period by month. Clients can only be counted once per month but can be counted in multiple months.
